

roll covers for the paper making industry

→ Yankee cylinders

Suction press rolls | Pressure rolls | Yankee press rolls | Marking rolls

Compound	Machine position	Hardness	Cover thickness	Features
P Series Rubber	Suction press rolls Pressure rolls Yankee press rolls Marking rolls	20 - 40 P&J	3/4" to 7/8"	<ul style="list-style-type: none"> • very good abrasion resistance • excellent hardness stability and resistance to fatigue • interior cooling recommended for high dynamic loads
ZP Series Rubber	Suction press rolls Marking rolls	10 - 40 P&J	5/8" to 7/8"	<ul style="list-style-type: none"> • excellent abrasion resistance • for extremely high thermo-dynamic loads • for very open surface profiles • interior cooling recommended for high dynamic loads

These overviews are supposed to give a general idea of what we provide. Different hardness rates are available on application. Surface design/finish, elasticity and functional properties can be designed to any special requirements.
